Abstract (en)
[origin: WO9423152A1] A raised floor with a surface consisting entirely of regular polygon-shaped modular slabs (1) with side edges (6) perpendicular to the plate (7) forming the basic slab surface, supported on the top of vertical ground-engaging pillars (2). Normally rectangular radial notches (4) are provided around the rim of the top member (5) of the vertical pillars (2) and their width is such that the facing vertical edges (6) of adjacent slabs (1) are clamped in a radial notch (4) once they are vertically engaged therein.
