Abstract (en)  
[origin: EP0694385A1] An automatic screen printing machine which features improved printing frame-matching precision, facilitates the printing operation, makes it easy to supervise the operation conditions, and is easy to use. The printing table (8), the pair of rollers (2;3), the endless belt (4) and the printing units (7) are all arranged being inclined by a predetermined angle THETA in the direction of width with respect to the horizontal plane, and provision is made of a belt guide (9) that comes into contact with a selvage of the upper half of the lower side of the endless belt.
