Abstract (en)

[origin: EP0695518A2] The equipment supplies the key to the bona-fide owner. It has an enclosing package (1) and inside the package are a despatch pouch (2), which can be sealed, for the key, and an identity card (4) similar to a bank-card. The pouch and card each have a panel area on which a text can be written or printed, together with an identification symbol (2a,5a), the symbols being geometrically congruent. The pouch can be of self-adhesive sealing paper or sheet material, and in which the panel area and symbol are incorporated.
