Abstract (en)

[origin: WO9429175A1] Storage and transport container, made of a polymeric material, comprising a bottom (1), sidewalls (2), at least one sideways situated opening provided with at least one door (3). The door (3) comprises a flapping section, including a frame (6), which section is hinged at its upper, lower, left or right side and a sliding section consisting of at least one sliding shutter (8 or 9) having a vertical or horizontal trapping direction.
