Abstract (en)

[origin: EP0705760A1] The invention concerns a process for packaging compressed garments, furnishing articles and like, comprising the steps of: folding the article in a substantially elongated shape; rolling up the so folded article; introducing the folded and rolled up article in a die of a press; subjecting the article to a mechanical pressure; extracting the article from the die; and packaging the so obtained article. The invention also concerns the articles obtained by the above process.
