Abstract (en)

[origin: EP0706956A2] The packaging has a tray (12) comprising a base (13) and side pieces (14). The tray is made of thin packaging material which is easy to fold such as reinforced or sulphate paper. An edge strip (19) extends around the circumference at the top of the side pieces, and covers the side pieces at least partly. Preferably the side pieces are fully covered and also extend beyond the height of the side pieces.
