Abstract (en)
An adapter for the mounting of tools on a folding press comprises: (i) a body presenting a first butt specific to a given type of folding press and able to cooperate with the table or the upper apron of this folding press; and (ii) a system for fixing the tooling in place. The tool fixing system is made up of a central butt (6) specific to the tooling presenting at least one locking component projecting in the working position, that is able to cooperate with a groove provided on the tooling. A punch and die that cooperates with this adapter are also claimed.

Abstract (fr)
La présente invention concerne un adaptateur (1,4) pour le montage d'outillages (2,3) sur une presse-plieruse, constitué par un corps en forme de barreau présentant un premier talon (5) spécifique à un type de presse-plieruse donné et apte à coopérer avec la table ou le tablier supérieur de ladite presse-plieruse, et un moyen de fixation de l'outillage (10,11,16), constitué par un talon central (6) spécifique à l'outillage. <IMAGE>
