Abstract (en)

[origin: EP0716285A1] Practice round for artillery, which corresponds in shape and wt. to a standard practice round or live round, having a round casing and a round base with a guide band, is novel in that a destruct unit (5) is inserted in between the round casing (2) and the round base (3). The unit (5) has at least one inner and/or outer radial nominal fracture point (12).
