Abstract (en)
[origin: WO9505812A1] This invention relates to anthelmintic compositions and has particular application to injectable compositions containing closantel together with an avermectin or milbemycin such as moxidectin, ivermectin, doramectin Milbemycin D, or other milbemycins together with a glycol based solvent such as polyethylene glycol or propylene glycol. The formulations may also include trace elements and/or vitamins.
