Abstract (en)

[origin: EP0738483A1] A container (10) for containing various products, such as cosmetics products, of the type in which a base (11) and a lid (12) are hinged together to contain an interchangeable insert (13) having at least one extension (19) which projects from the base (11) and lid (12) when these are closed one against the other. In this manner the container is provided with a lateral region enabling it to be more easily identified and handled. <IMAGE>
