Abstract (en)  
[origin: EP0738484A2] An extensible leg for tables comprises, in combination: a tube (11) which can be translated inside the interior of a hollow space (25) defined by an external sleeve (16) and an internal rod (14). On said rod (14) an end of said tube (11) slides, the opposite end of which tube (11) is designed to be fastened to the tabletop. <IMAGE>
