Abstract (en)  
[origin: EP0758767A2] The wristwatch has a one-piece plastic strap (10) which removably attaches to the watch housing (22). The strap is made of a plastic foil and has a through hole (20) in which the watch housing is removably secured by inserting a part of the housing. The strap, or at least the central part with the through hole, is elastically flexible at least in the longitudinal direction. The plastic foil which forms the strap is transparent and printed on its rear surface. The strap clips or latches onto the housing with its through hole.
