Abstract (en)
[origin: EP0773043A2] The fire extinguisher has a cylindrical container (4) fitted with an impact button top cover (3), coupled to a hose (2) which has a spray gun for the extinguishing medium at its opposite end. The carrier grip (1) for the hose is combined with the impact button top cover fitted to the release valve (5). The impact button (8) is enclosed by a guide (7), with a security ring (6) between the impact button top cover and the container.
