Abstract (en)

[origin: EP0787809A1] An apparatus for charging raw sinter mix to a sintering machine comprises: supply mechanism for supplying raw sinter mix onto a pallet; a screen-shaped chute for charging the raw sinter mix supplied from the supply means onto the pallet; the screen-shaped chute comprising: a plurality of screen constituting member groups; and a plurality of guide members to guide the screen constituting members, transfer mechanism to move the two adjacent screen constituting member groups in a lengthwise direction of the screen constituting member, wherein the transfer mechanism comprises a connecting member at least a portion of which is constituted by a chain member. <IMAGE>
