Abstract (en)

Laundry-drying machine with a panel-type front door (24) and extractable tank (10) for collecting the condensation water, accommodated removably in a cassette housing (27) formed in the front door together with a filter (5) for fluff and down which can be removed separately from the tank, and in which a nozzle (21), which is freely open on the opening (16) for loading the laundry, feeds the collecting tank through a filling mouth (36) of the tank, which freely faces the nozzle and simultaneously functions as a vent mouth. <IMAGE>
