Abstract (en)

[origin: WO9613987A1] Improved chewing gum formulations and bases, as well as methods of producing chewing gum and bases are provided. The chewing gum includes fully esterified polyglycerol esters. Fully esterified polyglycerol esters can be used in the base and/or gum as a softener. A variety of base and chewing gum formulations including fully esterified polyglycerol esters can be created and/or utilized pursuant to the present invention.
