Abstract (en)

[origin: EP0803450A1] The revenue stamp (24) is placed on the inner side of the outer transparent cover (11) and bonded to it so that a visible face of the stamp points outwards and therefore lies on the outer cover. The stamp is bonded to the outer cover by an adhesive which preferably is clear, and preferably by the application of two spaced apart adhesive spots (25,26). The stamp is located in the area of a closed side wall (14) not formed by folding flaps and is preferably in the upper area of the cigarette packet (10).
