Abstract (en)

[origin: WO9638264A1] Abrasive sheet arrays comprising a plurality of abrasive sheets joined together and readily detachable from each other. The array is cut from abrasive sheet material and may be cut simultaneously with one or more other arrays. One particular array is generally hexagonal in shape and comprises six generally triangular sheets which are joined together at isolated locations so that they may easily be detached from each other. Also disclosed is a dispenser for storing an array and for dispensing abrasive sheets from the array.
