Abstract (en)
[origin: EP0846433A2] A display hook for displaying merchandise for sale comprises an arm 1 for supporting a row of products, the arm being laterally stepped at the forward end to prevent more than one product package being removed from the display hook at a time. The rear end of the arm has a latch arrangement 15 for detachable connection to a support bracket so that the display hook can be removed for restocking the products.
