Abstract (en)
[origin: WO9714743A1] A reinforced flame retardant polyketone polymer blend comprising a polyketone polymer, a reinforcement, a flame retardant other than a zinc compound, and a comparative tracking index (CTI) improving compound selected from zinc compounds and silicon oils; and a method for improving the CTI of a reinforced flame retardant polyketone, comprising admixing the polyketone with a reinforcement, a flame retardant other than a zinc compound, and a CTI improving compound selected from zinc compounds and silicon oils.
