Abstract (en)
[origin: EP0859113A2] The clip fixture for a wall frame, and especially of metal, has a mounting clip (1) which grips round the wall with contact. The clasp (5) has an outer profile which matches the inner profile of the frame (11), at least over a significant zone (20) of the width. The clasp has end sections (21) gripping round adjacent zones of the wall, with contact. The frame grips round the end zones of the clasp.
