Abstract (en)
[origin: WO9811805A1] A suspension structure (1) for parts destined to support the human body in articles of furniture or the like, comprising at least one pair of elastic-interwoven straps (6), positioned in tension between two opposite sides (2, 2') of the frame of the article of furniture, in which the first and the second strap of said pair of straps (6) are superimposed and linked together to form a space inside of which is lodged at least one spiral spring (5).
