Abstract (en)
[origin: WO9726399A2] A soleplate for an iron comprising a cast heating body (1) with an outer edge (4) having a tip (6) and a heel (8), as well as a metal ironing plate (10) having a matching shape and including a pointed front portion (12) and a rear portion (14), and comprising an inner surface (16), an outer surface (20) coated with a coating (22) and a rim (24) arranged around the side of the outer edge (4) of the heating body and provided with means for attaching it thereto. The means for attaching the rim (24) comprise a preformed curled edge (26) for capping said tip (6) at least in said front portion (12), and at least one hook (28) for engaging the heel (8) in said rear portion (14).
