Abstract (en)

[origin: DE19604582A1] The invention relates to a new process for the preparation of substituted cyanophenyl uracils of the general formula (I), in which R<1>, R<2>, R<3> and R<4> have the meanings given in the description, said compounds being known as herbicidal compounds. The invention also relates to new substituted aminoalkene acid cyanophenyl amides as intermediates therefore and an inventive process for the preparation thereof.
