Abstract (en)
[origin: US6117819A] PCT No. PCT/EP97/00727 Sec. 371 Date Aug. 25, 1998 Sec. 102(e) Date Aug. 25, 1998 PCT Filed Feb. 17, 1997 PCT Pub. No. WO97/31528 PCT Pub. Date Sep. 4, 1997The present invention provides a solid shaped plant treatment product, a process for preparation of the product, and a method for use of the product in treating individual plants. The solid shaped plant treatment product contains a systemic herbicide which includes a herbicidally active compound homogeneously distributed in a polymeric carrier material. Suitable polymeric carrier materials bind the active compound in a solid form. The solid shaped plant treatment product can be implanted into a target plant in this form. Particularly, the solid shaped form is introduced into the vicinity of the vascular bundle system of the plant to be destroyed.
