Abstract (en)

[origin: WO9731854A1] People mover comprising a conveyor track such as an escalator or a moving sidewalk, said people mover being provided with at least one drive apparatus. The drive apparatus comprises an electric motor having a substantially thin construction in the axial direction of the drive apparatus, e.g. a permanent magnet synchronous motor. In addition the people mover comprises a drive wheel which is in conjunction with the rotor of the electric motor.
