Abstract (en)

[origin: WO9732727A1] A processing machine, particularly for silk-screen printing on a fabric medium, including a supporting assembly (E); a roll (6) rotatably mounted on one side of the assembly for storing a material (7) in the form of a thin film of semi-rigid material; and means for moving the film (7) and transferring same onto a receiving roll (9) on the opposite side of the assembly (3) from the storage roll (6), in order to enable said film to be engaged by a tool (O) movably mounted on said assembly between the two rolls (6, 9).
