Abstract (en)

[origin: EP0889282A2] This fitting has a housing (2), a reflector (4), a covering pane (5) fitted with a reflector and a framework to secure the covering pane and reflector on the housing. Reflector, covering pane and framework are fixed together and stuck to an insert (3) which is fixed to the housing and can be detached. The reflector and covering pane form a bonding seating (15) into which the framework projects with a lip (17). The lip of the framework has the shape of an angular key groove or slot (19). The covering pane has an angular collar (12) which fits the angular key groove or slot.
