Abstract (en)

[origin: EP0894510A2] The outer door handle is in the form of a grip flap (4) of similar such as a grip strip (15) for a motor vehicle door (1). The grip flap or grip strip has a hole (6) for mounting a connecting element of a pulling element for freeing persons from the vehicle in the event of the door being jammed. The area around the hole is strengthened. The holes are provided on all door handles of the vehicle.
