Abstract (en)
[origin: EP0897091A2] The fixing device is for a heating body which has two vertical collection lines (14) and several horizontal heating tubes (16) between them. The fixing device (18, 20) includes a holding sector (18) for fitting to the heating body and a fixing sector (20) to fix the diaphragm (10) or cladding sector. The fixing sector has at least one engaging sector which fits in a corresponding recess in the diaphragm or cladding sector.
