Abstract (en)

[origin: EP0899763A2] The device has a number of push-button switches (10), each having an operating wiper (3) which is snap-fitted to a common base (8) via integral locking hooks (24) provided on its underside, together with operating cams (30) for a pair of micro switches (13), each wiper held in its neutral position by the resetting force of the micro switches acting on the operating cams.
