Abstract (en)

[origin: WO9735768A1] A sterilizing device (9) for removing hydrogen peroxide from a container (3) includes a sterilizing agent depositing device (19) for depositing a hydrogen peroxide containing solution into a container (3) before it is filled with a food product and a sterilizing agent removing device (23) for removing the hydrogen peroxide from the container (3) by blowing compressed hot air into the container (3). The system includes an ultraviolet light device (21) for irradiating the container (3) with the hydrogen peroxide therein.
