Abstract (en)  
The invention relates to a unisex garment for the physically and mentally disabled to be used preferably by people who find it difficult to dress and/or undress themselves or require the assistance of others thereto. Said garment consist of a top part or T-shirt (2) and a lower part or undershorts (3), both parts being joined by a transversal zipper (4) thereby forming a single outfit, whereby both parts can be separated by opening the zipper. The T-shirt (2) has a central and longitudinal zipper (5) running from the neck (6) to the lower part, enabling it to be opened lengthwise. The garment fabric has longitudinal folds (11) corresponding to the fastening strips of the zippers (4 and 5), said folds (11) overlapping strips (12) of the same fabric, concealing the zipper teeth. The garment comprises elastic and gathered segments (8 and 9) on the side of the zipper and pertaining means for fastening (10). <IMAGE>
