Abstract (en)
[origin: EP0901909A2] An improved design of paper clip to securely hold different numbers of paper sheets has a U-shaped clip of molded plastic with the bottom arm (3) having retaining grips (17,18,19) on the inside face and with the upper arm (1) having a rearward facing retaining tag (7) which prevents the paper sheets being pulled out of the clip. The tag presses the sheets against a concave profile in the lower arm.
