Abstract (en)

[origin: EP0904855A2] The pushing handle (1) of the appliance is U-shaped and a hose drum (18) is attached on it. The handle is provided with a prefitted mounting (2) and devices (47) for fitting of a second mounting (45). The longitudinal axis of the handle passes through the axle of the wheels. The prefitted mounted is constructed as a seating for the accessories of the appliance, and the second mounting is provided with a high pressure connection. The handle is fastened to be easily detachable on a base housing.
