Abstract (en)
[origin: EP0917124A2] A laminate protected, self adhesive label on a carrier material, comprises a writing area and a transparent protective laminate for covering it. The label (1) has two sections (2, 3) which are adjacent to each other in a single plane. One of the sections (3) is transparent and has an adhesive layer (10) which is exposed after removing a protective cover (11). Preferably the non-transparent film used for the writing is metallised polyester.
