Abstract (en)

[origin: WO9809888A1] Packaging (10, 10a) for flat-lying foldable box blanks (1) having a sleeve-shaped surrounding wrapping (11, 11a) enclosed by shrink film. Several layers (23, 23a) of foldable box blanks (1) are placed inside the surrounding wrapping (11, 11a) and are respectively separated from each other by an intermediate bottom (25). In order to ensure fully automatic removal of the foldable box blanks (1) from the surrounding wrapping (11, 11a) the intermediate bottoms (25) are designed in a U shape in their longitudinal section so that the foldable box blanks (1) are surrounded by the intermediate bottoms (25).
