Abstract (en)

[origin: EP0927863A1] The holding profiles (4) are made of technical silicon carbide ceramic and their foot (6) has projections on the underside turned away from the support arm (5) for point or line-shaped location on the beam (2). Two adjacent aligned holding profiles support a blank (12). The foot on the underside has an insert pin (8) for insertion in a hole in the beam.
