Abstract (en)
[origin: EP0931943A2] Base plate (8) is in one piece with the hollow shaft (2), through which a screw (4) with external thread passes. Four webs (9) are arranged symmetrically on the base plate to receive a flat cap (18) with central hole (15) for a second screw (14) which enters an internal thread (10) in the head (6) of the first screw.
