Abstract (en)

[origin: WO9818092A2] A document management system wherein efficient and high-speed inputting of a voluminous number of documents is facilitated by means of a document separator, where said document separator contains a predetermined unique graphic image, which said image is interpreted by said system to perform a predetermined set of tasks. A document management system wherein said system is modular in design and permits user to select individual software components to be used with said system.
