Abstract (en)

A metal cabinet, in particular a filing cabinet, which is characterized in that walls of the cabinet are detachably interconnected in that the walls are provided, at least along part of their sides, with clampingly co-operating, profiled edges. The walls are made up of two side walls and a rear wall, or of an inside panel and an outside panel. In particular, at least one of the profiled edges has a substantially rectangular cross-section, or a substantially L-shaped cross-section. <IMAGE>
