Abstract (en)

A fixing element (30) retains an article (20) from moving inside a container (10). The container (10) has a base (11) and a cover (19). The fixing element (30) has a tape-like portion (31) that is bent around a corner (21) of the article (20), thus retaining the corner (21) and urging the article (20) against two side walls (15, 16) of the base (11) of the container (10). <IMAGE>
