Abstract (en)

[origin: EP0947150A1] The piece of furniture comprises a tower with two or more sections having a volume (V1, V2) available for storage and closed, e.g. by a sliding door. The bottom section is mounted on castors (R) and each section comprises a base (11), a top and side walls (1, 2). The various components of the piece are assembled by a series of matching projections and recesses which allow them to be dismantled and reassembled in different configurations.
