Abstract (en)

[origin: FR2769816A1] The cradle is made in supple material and has a base (21) and four walls (22). Each wall is extended, at its free end, by a flap (23) which fits over the upper cross bars of the frame. An extension (24) at each corner of the flaps has an eyelet (25) which hooks over a hook on the bottom of the frame. A fixing foot (26), on each lower corner of the cradle, also engages on the hook.
