Abstract (en)
[origin: EP0962712A2] The heating body is positioned in a connecting piece (8) for joining it to an angled leveling piece (1) and has a profile (3) which is connected to a section of the angled leveling piece in the form of a counter-profile (2). The profile has a spherical recess ; the counter profile is convexly curved with a radius of curvature smaller than or equal to the radius of curvature of the concave profile.
