Abstract (en)

[origin: WO9839536A1] The invention relates to an installation for parking motor vehicles (5) in a space-saving manner, comprising a plurality of parking spaces (2) arranged on top of each other and designed to hold the motor vehicles (5). The invention provides for a lifting device (3) for transporting the motor vehicles (5) to the individual parking spaces (2), said lifting device being mounted on a turntable (8). The lifting device (3) can be horizontally displaced on the turntable (8).
