Abstract (en)

The hair or scalp protection device comprises an upper inflatable support roll (10) which partially surrounds the user's neck which is placed in the basin (C). A sealing skirt (20) integral with the upper roll comprises a rear overhanging part (22) which is placed in the basin and two front flaps (24,26), connected by a fastener (28), which are placed on the user's chest. A comfort pad (14) is placed on the user's shoulders.
