Abstract (en)

There is provided a paperboard carton 11 having a base panel, a top panel 29, side panels 21, 22 and end walls comprising an end flap 16 hingedly connected to the base panel and adhesively secured to end panels 25 hingedly connected to the lower side panels 21. The ends of the carton 11 are cut away so that the carton resembles a basket style container but the carton can be produced on a machine for fully enclosed packs. <IMAGE>
