Abstract (en)

[origin: EP0970897A1] The container has a chute for emptying the waste, which is separated and is situated near the washing apparatus, with a collection sump for the washing water connected to a process water tank (14). A clean water tank (16) is situated next to the process water tank. The collector is a rear loader and the washing apparatus is a high pressure pump (10) with a double action hydraulic cylinder (12).
