Abstract (en)  
[origin: EP0974950A2] The marking material applied to the outline of the marking is recognized or detected by special means. The marking has an edge which is not a pure circle, oblong or square and has an easily identifiable outline. The marking (6) has an inner (9) and outer (8) edge. The marking contains a logo (1,3), and consists of a print, varnish or template.
